PropertyMaps.com Adds Naples, Fla., MLS Listings to Its Free Real Estate Search Site

The free Web site PropertyMaps.com makes it easier than ever to find homes for sale in Naples.

Sarasota, Fla. / Sept. 22, 2007 – It's now easier than ever to locate homes for sale in Naples. PropertyMaps.com, the free real estate search site, added all the MLS listings to its growing searchable database of homes for sale nationwide.

PropertyMaps.com is the first Web site to provide consumers free map-based access to the Multiple Listing Service (MLS) databases used by Realtors® nationwide.

Naples is located on the West Coast of Florida and offers some of the most expensive real estate in the U.S. There are 13,500 homes and condos currently for sale. The most expensive home listed is \$23.9 million. The least expensive two-bedroom, two-bath home listed for \$1.4 million.

“We're pleased to be able to make available Naples real estate to interested buyers,” says John Beck, president of Sarasota-based PropertyMaps.com . “This is a buyer's market we're in now and searching for properties for sale online is more popular than ever.”

PropertyMaps.com is the easy-to-use Web site that allows consumers to quickly search and view millions of real estate listings nationwide for free using popular mapping tools such as Google Maps, Google Earth and Microsoft Virtual Earth. The Web site makes it possible to view millions of real estate listings, plot them on maps, view local market data and even search for sexual offenders who might be living nearby.

PropertyMaps.com also delivers real estate content wirelessly to Internet-enabled phones, PDAs, GPS-enabled and other mobile devices.
